

— ON THE WATER —

# Smooth Sailing

**When it comes to all things water-related,** we know all about making waves—paddling them, riding them, flying high above them and diving below them. It's a water world here by the Gulf of Mexico, and we're overflowing with water-related activities, including boating, paddling, diving, snorkeling and cruising.

**Come Sail Away.** Whatever floats your boat is what you'll find in Gulf Shores and Orange Beach. Discover how swell skimming across the Gulf is by renting watercraft from local marinas and operators, including pontoons, sailboats, catamarans, runabouts, Jet Skis and WaveRunners. You can even rent surfboards if you want to channel your inner Gidget and Moondoggie.

But Gulf whitecaps aren't the only watery pathway here. Our back bays and inland waters create a more peaceful boating experience as you drift across pristine lakes and past cypress swamps.

You can enjoy all of this while fishing with one of our many charter boat excursions. Local captains will take you offshore or nearshore, plying the most prolific waters for snapper, wahoo or tuna and setting the stage for a good fish story. It's a great bonding experience for families and friends as you work together to "reel 'em in."

If you BYOB (bring your own boat), local marinas can assist with dockage and supplies. See you on the water!

**FUN WITH A PORPOISE** Playful, sociable dolphins can be seen from one of our area's dolphin cruises. Caring captains offer insightful information about these fascinating aquatic mammals, their behavior and important ways we can all help protect their habitat. Seeing them swim and jump nearby is the highlight of a trip that is well-suited for all ages.

**PADDLE POWER** Kayak and stand-up paddling rentals are also plentiful in Gulf Shores and Orange Beach, with many operators bringing the equipment to your location if desired. Both activities are the perfect chance for families to connect while paddling the scenic waters of the Back Bay Blueway, whose four trails highlight Fort Morgan, the Little Lagoon, Gulf State Park and the coves, creeks and bayous of Orange Beach. Don't let sundown stop the fun; one local outfitter offers clear, glowing kayaks to illuminate your paddling adventure.

**HOME PORTS** With so much boating going on, it helps to have some great marinas on hand for storage and slips, fuel and supplies, bait and tackle, and even amenities like showers and laundry facilities for you long-haulers. Marinas in Gulf Shores and Orange Beach offer all this and more, including on-site restaurants and personal watercraft rentals.

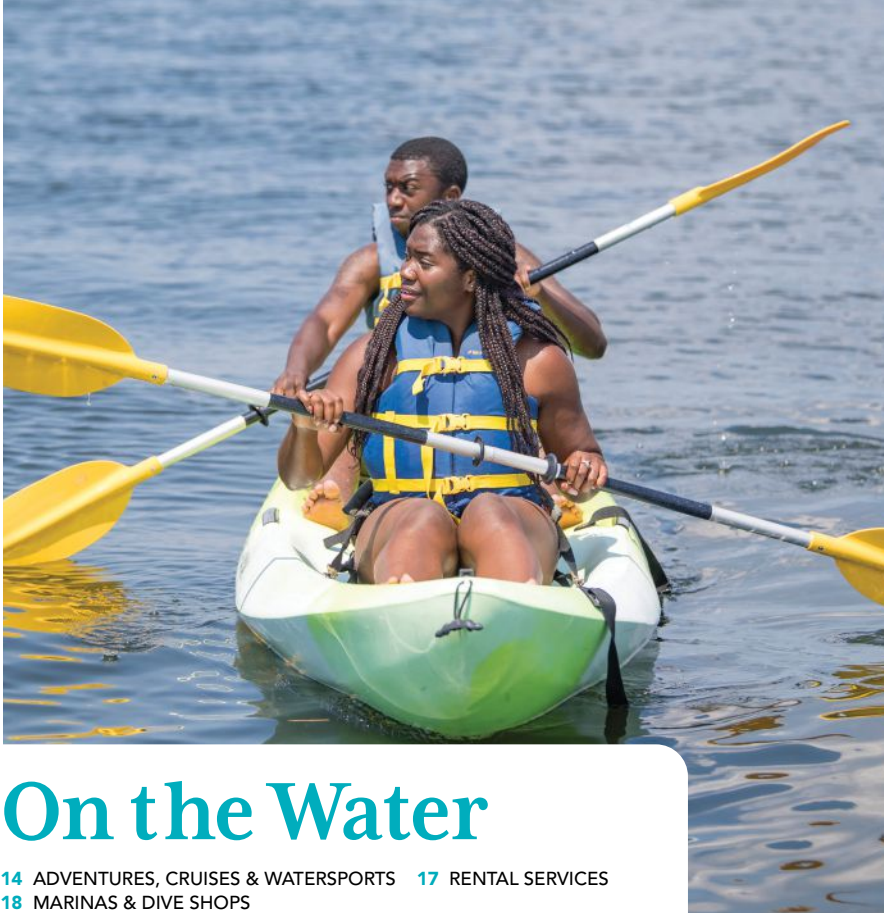

**TAKING A DIVE** Part of the largest artificial reef program in the United States, offshore reefs create an aquatic metropolis of fish in the nearshore and offshore waters of coastal Alabama, many created from decommissioned bridge spans, army tanks, barges and repurposed concrete culverts. Local operators rent snorkel gear or for those looking for a deeper dive, scuba charters include PADI instruction.

**SOARING ABOVE** Coming up from the depths, you can go to the other extreme on a thrilling parasailing excursion, way, way above the waves with a 360-degree view of Gulf Shores and Orange Beach. Solo and tandem trips are available on trips departing from multiple locations. Helicopter tours are another option for those who want to appreciate the water from the air.

FLYING HIGH OR CRUISING SLOW, YOU SET THE PACE FOR ADVENTURE IN GULF SHORES AND ORANGE BEACH.

 See the Gulf from a new point of view as you soar above the water.  
 Photo and video packages are available so you'll never forget the experience.

# BEACH SAFE

KNOW BEFORE YOU GO

## THE BEST BEACH VACATION IS A SAFE ONE!

Gulf waters can be very dangerous. Surf conditions can overwhelm even the best swimmer. We want to ensure the vacation memories you take home are happy ones. Please take time to review the following information ahead of your visit and while you are here.

### CHECK WEATHER AND SURF CONDITIONS DAILY

Text "ALBEACHES" to "888777" to sign up for daily surf conditions text alerts. Text "STOP" to opt out of notifications upon your departure.

- Gulf Shores: 251-968-SURF
- Orange Beach: 251-981-SURF
- Online: VisitALBeaches.com/Safety

### KNOW YOUR LIMITATIONS

- Learn to swim; non-swimmers should stay out of the water
- Don't overestimate your swimming ability
- Don't rely on inner tubes, floats or other inflatable toys
- Use Coast Guard-approved life jackets
- Designate a water-watcher and supervise children closely
- Never swim alone

### KNOW AND HEED THE BEACH WARNING FLAGS

**Yellow:** Moderate surf and/or currents

**Purple:** Dangerous marine life

**Red:** High surf and/or strong currents

**Double Red:** Water closed to the public

### SWIM NEAR A LIFEGUARD

- Lifeguards are stationed seasonally at all public beaches in Gulf Shores and Orange Beach (March through September)
- Currently, no lifeguard protection is available in the Fort Morgan area

### LEARN HOW TO ESCAPE A RIP CURRENT

Rip currents are powerful currents of water moving away from shore. They can sweep even the strongest swimmer away from shore.

- If caught in a rip current, remain calm
- Escape the current by swimming parallel to the shoreline
- When free of the current, swim at an angle—away from the current—toward shore
- Float or tread water if unable to escape by swimming
- If unable to reach shore, draw attention to yourself by facing the shore and calling or waving for help
- See our important rip current video: VisitALBeaches.com/Safety

### KNOW WHAT TO DO IF SOMEONE ELSE IS IN DANGER

- First, CALL 9-1-1
- Seek help from a lifeguard; if no lifeguard is present, yell instructions on how to escape the current
- Throw the victim something that floats
- Don't attempt to perform a rescue as you could also get caught in the current

**WILD NATIVE TOURS**

Wild Native Tours offers eco-tours, sunset cruises and guided kayak tours. Kayak tours include the Bon Secour Wildlife Refuge paddle and our sunset dolphin tour.

4159 CR 6, Gulf Shores  
 251-272-4088, [wildnativetours.com](http://wildnativetours.com)

## STAY SMART OFF-SHORE WITH BOATING SAFETY

Whether you've been boating for years or are just getting your feet wet, please put safety first whenever you are boating along the Alabama Gulf Coast.

**1. Follow Your Rental Company's Recommendations**

Most companies have knowledgeable staff on-site who can give you a quick course in boating safety, so listen closely and follow all your rental company's recommendations while on the water.

**2. Don't Overlook Life Jackets**

By law, all boats must carry a U.S. Coast Guard-approved life vest for every person on board. Passengers under the age of eight must always wear a life jacket, but it's best for everyone on board to do the same.

**3. Map Your Marinas**

You should always fill up before heading out, but it's equally important to map your nearby marinas to be sure you know where to head in an emergency.

**4. Watch the Weather**

Be sure to check the weather before you go boating and stay at the dock if a storm is approaching. Gulf waters can go from calm to chaotic in a matter of seconds with pop-up storms.

**5. Don't Pack on Passengers**

Most boats have a capacity plate affixed to the hull that displays the maximum load limit and number of passengers, so be sure to find and follow it.

**6. Don't Boat and Booze**

It's illegal to operate a boat while under the influence of alcohol, and even first-time offenders can face steep penalties.

**7. Catch a Crash Course**

If possible, take a boating safety course before you cast off. A variety of fast and friendly online courses cover everything from navigation tips to emergency situations and more.

**8. Keep an Emergency Kit**

Must-have items include a first-aid kit, flare guns, signaling devices, and a handheld radio with extra batteries. If you're renting, confirm your vessel is equipped with the essentials when making your reservation.

## Beach Rentals & Services
